**FIRST® LEGO® League Discover Professional Development**

**Course Description**
In the FIRST® LEGO® League Discover professional development course, participants will learn how to engage participants ages 4-6 in hands-on science, technology, engineering, and math (STEM) learning. This course uses a playful approach to introduce STEM concepts to children while igniting their natural curiosity and building their habits of learning. Participants will explore hands-on activities for the classroom and at home using LEGO® DUPLO® bricks.

**Course Requirements**
FIRST® Provides for use during professional development:
- FIRST LEGO League Discover Set
- Digital access to the *Team Meeting Guide* and *Engineering Notebook*
- LEGO® Education STEAM Park Set

**Course Objectives**
By the end of this course, you will:
- Participate in the FIRST experience from a student’s point of view.
- Explore the essential components of the FIRST LEGO League Discover.
- Practice LEGO® Six Bricks activities and learn how to facilitate Discover in your classroom.
- Obtain ideas to run and facilitate hands-on playful learning.
- Collaborate with other participants and share best practices.
- Have experience with Project-Based Learning, the Engineering Design Process, and 21st Century Skills.
- Implement Diversity and Inclusion practices.
- Utilize, model, and reinforce the FIRST Core Values!
- Explore ways to bring learning home to families through interactive activities using the FIRST LEGO League Discover
- More take-home set of materials.
