Parking

This map shows the central Cal U campus area; please see explanations below. It may also be found at www.calu.edu/parking/_files/2013-campus-map.pdf. Teams, please see below for Load-in / Load-out information.

The 2016 Greater Pittsburgh Regional will be held in the **Convocation Center**. The main entrance for team members and visitors is from the cross-hatched circle immediately to the lower left of the Convocation Center.

Accessible Parking (ADA) spots are identified on the map in dark blue. Lots 11 and 12 are the closest lots most likely to have available spots. The path is level between these lots and the Convocation Center.

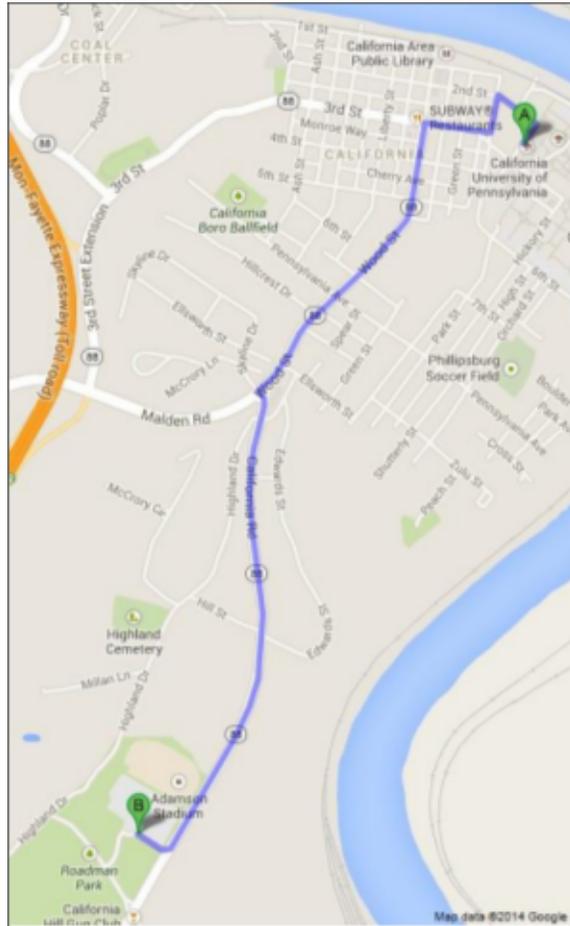

Visitor Parking is in the Vulcan Parking Garage (the large building marked “22” on the map above). For rates, see: www.calu.edu/parking/vulcan-garage.

Team Parking: At Load-In, each team will receive one free parking pass which may be used in **Lot 4A**, a special area that will be marked off within Lot 4. Lot 4A is best accessed by the entrance across from Lot 9. Buses, trailers, and oversized vehicles may not park in this lot; see Offsite Parking (next page). For additional team parking, we recommend the Vulcan Parking Garage (see Visitor Parking, above). (Please note that the lot will be patrolled by Cal U; vehicles without a parking pass may be ticketed.)

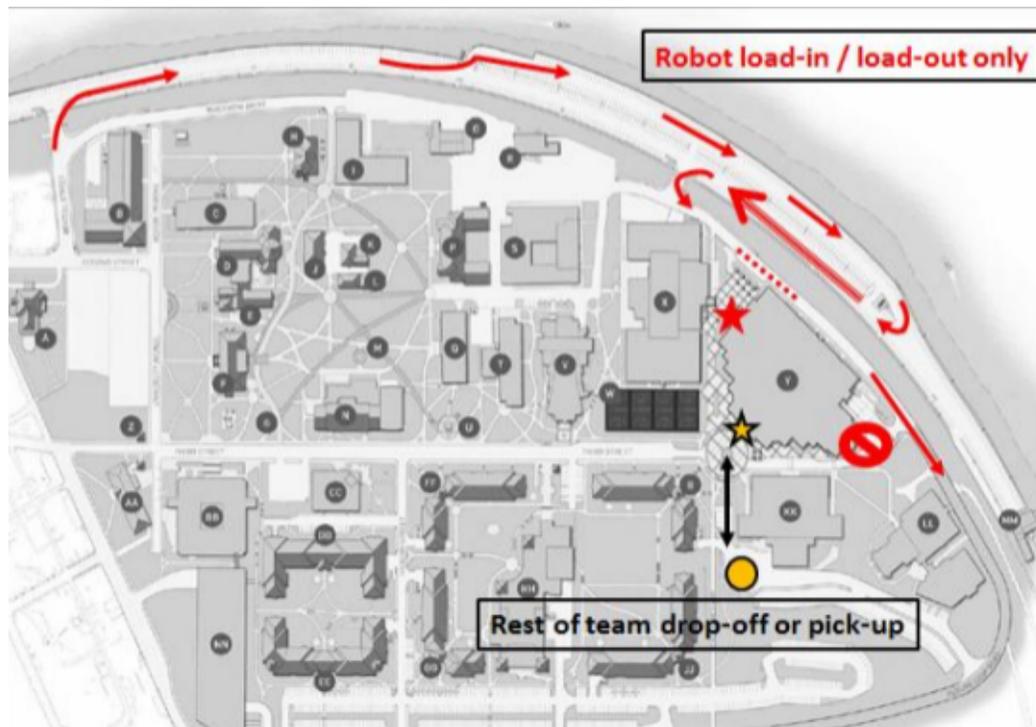

Volunteer Parking: Parking for pure volunteers (i.e. those people at the Regional expressly to help and who would not otherwise be attending, unlike team members who have volunteered to help) is in Lot 4A, a special area that will be marked off within Lot 4. Volunteers will receive their free parking pass at check-in.

Offsite Parking

The Cal U stadium parking lot at Adamson Stadium is available for additional parking and, in particular, is the best place for teams to park any buses, significantly-sized vehicles, or trailers used in transporting the team and equipment. Adamson Stadium is on Rt. 88 approximately three miles south of Cal U. (Go west out of the main campus area and within a few blocks turn left on Rt. 88 South / Wood Street.)

Load-in / Load-out Information

For the robot load-in and load-out, please follow the path of the red arrows on the map. Although it loops around a bit, this path was chosen to minimize the impact on one of Cal U's most heavily used roads. Enter the River Lot parking area from the Beazell Street entrance. Continue along the parking lot until it widens and go down the left side that is closest to the river. Make a U turn at the end of the divided area and you will be in the main staging area (shown on the map as the wider red line). When the volunteer tells you to proceed, exit the parking lot and make the immediate left onto Riverview Drive. You will be guided to park where the red dots are and this is where you will drop-off or pick-up your robot along with no more than the 5-member team. (More on this in the next paragraph). When done, the vehicle should leave the Convocation Center area by staying on Riverview Drive. Do not turn right immediately after the Convocation Center. While it looks like this road is a good path to take, it goes nowhere.

The black and gold circle is where the rest of the team members and equipment should be dropped off or picked up. Doing this here minimizes the impact on the main road plus it allows all the teams collectively to load-in and load-out faster. This area easily parks five large buses, offers easy turnaround space, and is safer, as the area between it and the Convocation Center is a pedestrian-only walkway. Team members can enter the Convocation Center at the main entrance marked by the black and gold star.

****During Load In, teams will be allowed to build and set up their pits.**

******DO NOT un-bag the robot when setting up the pit.******

Vehicles may not remain curbside while teams set up their pits. Once the vehicle is unloaded, it will have to be moved from the unloading zone parking to the River Lot while the team finishes set-up.

Only 5 members per team will be allowed in the Convocation Center. The normal *FIRST* safety rules will be in effect at the time of setting up the pit area. Please see the [FIRST Robotics Competition Admin Manual, Section 4.6 \(Load in Procedures\)](#) for more information.

******DO NOT un-bag the robot when setting up the pit.******

More information on the Load-Out procedures will be distributed at the event.

Site Restrictions:

Please read the following restrictions and adhere to them in order to promote an orderly, safe, pleasant, and exciting competition. As a group, we all should honor agreements with the venue and help promote the spirit of good partnership.

Please:

- **Do not use skateboards or 'hoverboards'**. This is a safety concern.
- **Do not use drones.** This is a safety concern.
- **Do not bring bottled gas tanks (e.g. helium).** This is a safety concern.
- **Do not use noisy devices**, such as floor stompers, whistles and/or air horns.
- **Do not** arrange for Internet access or phone lines from venue service providers or attempt to use venue internet connections reserved for event purposes (e.g., FMS or streaming).
- **Do not sell any products.** This includes food, hats, shirts or any promotional products.
- **Do not distribute any food products**, such as candy, water, soft drinks or fruit.

- **Do not use walkie-talkies.**
- **Do not invite or bring live bands to play in the audience.** This dilutes the presentation on the playing field and is too loud and confusing for the audience.
- **Do not play loud music in the Pit** because it interferes with important announcements. If a team receives more than a warning or two, the power to the team Pit will be shut off and/or the music device confiscated.
- **Glitter and/or confetti are not permitted** in any part of the venue. Should this policy not be followed, an appropriate charge will be assessed for the cleanup of this material.
- **Do not form "tunnels"** during the Awards Ceremony. This can cause discomfort to those traveling through them and creates safety issues.
- **Do not save seats.**

Teams: Please see the Competition Manual, [Section 4, "At the Events"](#) for further guidelines.

FIRST Consent Form:

FIRST has revised the Consent and Release Form with several goals in mind: 1) simplifying the process by creating a unified form; 2) collecting participant data to make it possible to conduct more effective outreach and marketing to alumni; 3) and give *FIRST* the capacity to conduct regular follow-up studies of its participants in order to better demonstrate impact. This information is critical to *FIRST* because it will provide a roadmap for the organization, guide program implementation and management, and communicate more confidently the impact to schools, sponsors and other groups. In order for *FIRST* to quantitatively state that our programs are positively impacting participating students, corporations, schools and communities we need to collect information on the individual level. The Consent Forms are the only place where *FIRST* collects that type of information.

The goal of the *FIRST* Consent Forms is to ensure the following:

- To get consent and release of liabilities due to harm and/or injury for *FIRST* and *FIRST*'s "Cooperating Entities"
- To grant *FIRST* the right to use participant's likeness during the participation in *FIRST* events
- To ensure that agents of *FIRST* and on behalf of *FIRST* can collect and analyze information for us
- To grant *FIRST* the right to contact the Parent/Guardian and participants at a later time for evaluation and/or announce other benefits like alumni outreach efforts

Because we are dealing with youth and youth information, *FIRST* must be in compliance with the US Children's Online Privacy Protection Act (under the age 13) and the Canadian Online Protection Act.

The following form is the only acceptable *FIRST* form for the 2016 *FIRST* Robotics Competition events. Remember to bring your completed forms to your competition event(s) if your team members have not already completed one online. This is for all the persons on your team. Make sure each person under 18 has a legal parent/guardian sign it also.
