FIRST®—A Suite of Hands-On, STEM Learning Programs

FIRST® is the world’s leading youth-serving nonprofit advancing STEM (science, technology, engineering, and math) education. For over 30 years, students from all walks of life have developed self-confidence in STEM and valuable, real-world skills through FIRST that open pathways to a better future.

Through a suite of team-based robotics challenges and backed by a global network of mentors, coaches, volunteers, alumni, and sponsors, FIRST helps young people discover a passion for STEM and become leaders and innovators in any industry.

Children can start their journey with FIRST® LEGO® League and progress through FIRST® Tech Challenge and FIRST® Robotics Competition, or join any of our three programs based on age or grade level.

FIRST® LEGO® League
Grades PreK-8 · Ages 4-16*

FIRST® LEGO® League introduces STEM to children through fun, exciting hands-on learning. Participants gain real-world problem-solving experiences through a guided, global robotics program, helping today’s students and teachers build a better future together. FIRST LEGO League’s three divisions inspire youth to experiment and grow their critical thinking, coding, and design skills through hands-on STEM learning and robotics.

Registration Open: May – October
Challenge Release: August
Event Season: September – July
Teams: Up to 10 students for Challenge division, formed by schools, after-school programs, homeschools, community groups. Smaller, age-appropriate teams for Discover and Explore divisions.

Estimated Cost:
• Discover: Class Pack Registration (up to 8 students) is $195. Reusable STEAM Park Sets start at $175.
• Explore: Team Registration is $125. LEGO® Education SPIKE™ Essential: $265 (reusable).
• Challenge: Team Registration is $250. Challenge Set: $95. Teams may use either SPIKE™ Prime: $450 or LEGO MINDSTORMS® EV3.
• Team registration includes guides for teachers and students.

Check our website for grants and classroom implementation options.

FIRST® Tech Challenge
Grades 7-12 · Ages 12-18

FIRST Tech Challenge students learn to think like engineers. Teams design, build, and program robots to compete in an alliance format against other teams. Robots are built from a reusable platform, powered by Android technology, and can be coded using a variety of levels of Java-based programming.

Registration Open: May – April
Game Release: September
Event Season: October – April
Teams: Up to 15 students formed by schools, after-school programs, home schools, community groups.

Estimated Cost:
• Team Registration is $295.
• Teams may use either REV: $1,102 or TETRIX: $1,127 robot kit (both reusable).

Check our website for grants and classroom implementation options.

FIRST® Robotics Competition
Grades 9-12 · Ages 14-18

FIRST Robotics Competition teams design, program, and build a robot from scratch with a kit of parts and a common set of rules to play a different game every season. Teams also create a team identity, develop community partnerships for support, and work to promote STEM in their local community.

Registration Open: May – December
Game Release: January
Event Season: February – April
Teams: Students formed by schools, after-school programs, home schools, community groups.

Estimated Cost:
• Team Registration is $6,000 (new and existing teams).

Check our website for grants. Participants and alumni have access to education and career discovery opportunities, connections to scholarships and employers, and a place in the FIRST community for life.
