

Start a Team

FIRST® LEGO® League immerses children ages 9-16* in real-world science and technology challenges. Each team works together to solve a real-world problem and collaborate to design, build, and code autonomous LEGO® robots to complete missions on a themed, table-top playing field. *Ages vary by country

FIRST is a robotics community that prepares young people for the future.

For over 30 years, FIRST has combined the rigor of STEM learning with the fun and excitement of traditional sports and the inspiration that comes from community. FIRST programs have a proven impact on learning, interest, and skill-building inside and outside of the classroom, creating the people who will change the world – today and tomorrow.
