

Budget Worksheet

Anticipate and track costs through the season using the template below. Put anticipated expenses and the projected amount in the “Budgeted Amt.” column. Track line items and the actual dollar amount in the “Actual Cost” column as you spend. Teams who need to create reports for awarded grants, sponsors, or schools, might need to use the “Category” and “Rationale” columns to track each expense and its purpose.

Delete rows irrelevant to your team. Find the season pricing at www.firstinspires.org/robotics/fll/pricing-and-payment. Required items are denoted with an asterisk (*).

Consult the FIRST® fundraising toolkit for tips: <https://www.firstinspires.org/resource-library/fundraising-toolkit>

Item	Budget Amt.	Actual Amt.	Category	Rationale/Explanation
