

BUSINESS PLAN

The business plan is an important document for all teams and especially those that want to submit for the **Team Sustainability Award**. Think of your team as a small business - you need a strong understanding of its organization, finances and long-term goals.

You don't need a business plan to be eligible for the Team Sustainability Award, but it can be really helpful! As well as being a great document to show judges at events, it can form a core part of your team's sponsorship package!

BUSINESS PLAN GUIDELINES

Make sure to be succinct - the judges' time is limited!
