

# FIRST<sup>®</sup> MUSICDJ'S

## THE PLAY list

The music list provided is very large to accommodate some DJ flexibility. They are constantly being added to after each season. **You don't need EVERY song** on the list, but you should have most of them to get you through the weekend.

There is also a DO NOT PLAY playlist that I've generated from songs that are on the Billboard Pop Charts. Due to the Language, and or content, they should not be played at all. I've also added songs that were also on the top 100 that I wouldn't play because of tempo...just too slow for the event.

If there are any songs that you know of that also have inappropriate content/language please feel free to NOT PLAY them either.
