

2018-2019

# Award Descriptions

Updated 10.17.2018

Award and Description	Criteria
<b>Inspire Award</b>	
<p>This judged award is given to the <i>team</i> that embodied the ‘challenge’ of the <i>FIRST</i> Tech Challenge program. The team that receives this award is a strong ambassador for <i>FIRST</i> programs and a role model <i>FIRST</i> team. This team is a top contender for many other judged awards and is a gracious competitor. The Inspire Award winner is an inspiration to other teams, acting with <i>Gracious Professionalism</i>® both on and off the <i>playing field</i>. This team shares their experiences, enthusiasm and knowledge with other teams, sponsors, their community, and the Judges. Working as a unit, this team will have showed success in performing the task of designing and building a <i>robot</i>.</p>	<p>Required criteria for the Inspire Award:</p> <ul style="list-style-type: none"> <li>• <b>Team shows respect and <i>Gracious Professionalism</i>® to everyone they meet at a <i>FIRST</i> Tech Challenge event.</b></li> <li>• <b>Team is a strong contender for several other Judged awards. The Inspire Award celebrates the strongest qualities of all the Judged Awards.</b></li> <li>• <b>The <i>team</i> is an ambassador for <i>FIRST</i> programs. They demonstrate and document their work in their community.</b></li> <li>• <b>Team is positive and inclusive, and each <i>team</i> member contributes to the success of the <i>team</i>.</b></li> <li>• <b>Team must submit an <a href="#">Engineering Notebook</a>. The engineering notebook must include an Engineering section, a team section and a Business or Strategic Plan. The entire engineering notebook must be high quality, thoughtful, thorough, detailed and well organized.</b></li> <li>• <b>Robot design is creative and innovative, and the <i>robot</i> performs reliably on the field. <i>Team</i> communicates clearly about their <i>robot</i> design and strategy to the judges.</b></li> <li>• <b>Team presentation is professional and engaging</b></li> </ul>
<b>Think Award</b>	
<p><b><i>Removing engineering obstacles through creative thinking.</i></b></p> <p>This judged award is given to the <i>team</i> that best reflects the journey the <i>team</i> took as they experienced the engineering design process during the build season. The Engineering section of the notebook is the key reference for judges to help identify the most deserving <i>team</i>. The <i>team</i>’s Engineering section must focus on the design and build stage of the <i>team</i>’s <i>robot</i>. Journal entries must include descriptions of the underlying science and mathematics of the <i>robot</i> design and game strategies, the designs, redesigns, successes, and opportunities for improvement. A <i>team</i> is not a candidate for this award if they have not completed the Engineering section of the engineering notebook.</p>	<p>Required criteria for the Think Award:</p> <ul style="list-style-type: none"> <li>• <b>Team shows respect and <i>Gracious Professionalism</i>® to everyone they meet at a <i>FIRST</i> Tech Challenge event.</b></li> <li>• <b>Team must submit an <a href="#">Engineering Notebook</a>. The engineering notebook must have an engineering section that includes entries describing underlying science, mathematics, and game strategies.</b></li> <li>• <b>The engineering notebook must show the <i>team</i> has a clear understanding of the engineering design process, with pictures or drawings and details documenting all stages of <i>robot</i> design.</b></li> </ul>

	<ul style="list-style-type: none"><li>• Notebook must recount the <i>team's</i> journey, experience and lessons learned throughout the season.</li><li>• Engineering notebook must be organized and follow the <a href="#">Formatting Guidelines</a> provided by FIRST and include a Summary Page. Note: <i>teams</i> should review the engineering notebook resources published in the <a href="#">Team Management</a> section of the FIRST website.</li></ul>
--	---

**Connect Award**

<p><b><i>Connecting the dots between community, FIRST, and the diversity of the engineering world.</i></b></p> <p>This judged award is given to the <i>team</i> that most connects with their local science, technology, engineering and math (STEM) community. A true FIRST <i>team</i> is more than a sum of its parts and recognizes that engaging their local STEM community plays an essential part in their success. The recipient of this award is recognized for helping the community understand FIRST, the FIRST Tech Challenge, and the <i>team</i> itself. The <i>team</i> that wins the Connect Award aggressively seeks and recruits engineers and explores the opportunities available in the world of engineering, science and technology. This <i>team</i> has a clear Business or Strategic Plan and has identified steps to achieve their goals.</p>	<p>Required criteria for the Connect Award:</p> <ul style="list-style-type: none"><li>• <i>Team</i> shows respect and <b>Gracious Professionalism<sup>®</sup></b> to everyone they meet at a FIRST Tech Challenge event.</li><li>• <i>Team</i> must submit an <a href="#">Engineering Notebook</a>. The engineering notebook must include a <b>Business or Strategic plan</b> that identifies their future goals and the steps they will take to reach those goals. Examples of what the plan could include are fund-raising goals, sustainability goals, timelines, outreach, and community service goals.</li><li>• <i>Team</i> provides clear examples of developing in person or virtual connections with individuals in the engineering, science, or technology community.</li><li>• <i>Team</i> actively engages with the engineering community to help them understand FIRST, the FIRST Tech Challenge, and the team itself.</li></ul>
---	---

**Rockwell Collins Innovate Award**

<p><b><i>Bringing great ideas from concept to reality.</i></b></p> <p>The Rockwell Collins Innovate Award celebrates a team that thinks outside the box and has the ingenuity and inventiveness to make their designs come to life. This judged award is given to the <i>team</i> that has the most innovative and creative <i>robot</i> design solution to any specific components in the FIRST Tech Challenge game. Elements of this award include elegant design, robustness, and 'out of the box' thinking related to design. This award may address the design of the whole <i>robot</i>, or of a sub-assembly attached to the <i>robot</i>. The creative component must work consistently, but a <i>robot</i> does not have to work all the time during matches to be considered for this award. The team's engineering notebook must include journal entries to show the design of the component or components and the team's <i>robot</i> to be eligible</p>	<p>Required criteria for the Rockwell Collins Innovate Award:</p> <ul style="list-style-type: none"><li>• <i>Team</i> shows respect and <b>Gracious Professionalism<sup>®</sup></b> to everyone they meet at a FIRST Tech Challenge event.</li><li>• <i>Team</i> must submit an <a href="#">Engineering Notebook</a>. The engineering notebook must include an <b>Engineering section</b> that documents the design process and how the <i>team</i> arrived at their design solution.</li><li>• <b>Robot or robot sub-assembly</b> must be elegant and unique in its design.</li><li>• Creative component must be stable, robust, and work reliably.</li><li>• <b>Robot design</b> is efficient and consistent with <i>team</i> plan and strategy.</li></ul>
--	--

for this award. Entries must describe how the <i>team</i> arrived at their solution.	
--	--

<b>Design Award</b>	
---------------------	--

<p><b><i>Industrial design at its best.</i></b></p> <p>This judged award recognizes design elements of the <i>robot</i> that are both functional and aesthetic. The Design Award is presented to teams that incorporate industrial design elements into their solution. These design elements could simplify the <i>robot's</i> appearance by giving it a clean look, be decorative in nature, or otherwise express the creativity of the <i>team</i>. The winning design should not compromise the practical operation of the <i>robot</i> but complement its purpose.</p>	<p>Required criteria for the Design Award:</p> <ul style="list-style-type: none"> <li>• <b><i>Team</i> shows respect and <i>Gracious Professionalism</i><sup>®</sup> to everyone they meet at a <i>FIRST</i> Tech Challenge event.</b></li> <li>• <b><i>Team</i> must submit an <a href="#">Engineering Notebook</a> with an engineering section that includes detailed <i>robot</i> design drawings.</b></li> <li>• <b><i>Team</i> demonstrates industrial design principles, striking a balance between form, function, and aesthetics.</b></li> <li>• <b><i>Robot</i> distinguishes itself from others by its aesthetic and functional design.</b></li> <li>• <b>Basis for the design is well considered (that is inspiration, function, etc.).</b></li> </ul>
---	---

<b>Motivate Award</b>	
-----------------------	--

<p><b><i>Sparking others to embrace the culture of FIRST!</i></b></p> <p>This <i>team</i> embraces the culture of <i>FIRST</i> and clearly shows what it means to be a <i>team</i>. This judged award celebrates the <i>team</i> that represents the essence of the <i>FIRST</i> Tech Challenge competition through <i>team</i> building, <i>team</i> spirit and displayed enthusiasm. This is a <i>team</i> who makes a collective effort to make <i>FIRST</i> known throughout their school and community, and sparks others to embrace the culture of <i>FIRST</i>.</p>	<p>Required criteria for the Motivate Award:</p> <ul style="list-style-type: none"> <li>• <b><i>Team</i> shows respect and <i>Gracious Professionalism</i><sup>®</sup> to everyone they meet at a <i>FIRST</i> Tech Challenge event.</b></li> <li>• <b><i>Team</i> must submit an <a href="#">Engineering Notebook</a>. The engineering notebook must include a <b>Business or Strategic plan that identifies their future goals and the steps they will take to reach those goals.</b> Examples of what the plan could include are fund-raising goals, sustainability goals, timelines, outreach, and community service goals.</b></li> <li>• <b>The <i>team</i> is an ambassador for <i>FIRST</i> programs.</b></li> <li>• <b><i>Team</i> can clearly show the successful recruitment of new <i>teams</i>, mentors, coaches and volunteers who were not already active within the STEM community.</b></li> <li>• <b><i>Team</i> can explain the individual contributions of each <i>team</i> member, and how these apply to the overall success of the <i>team</i>.</b></li> </ul> <p><i>Strongly suggested criteria for the Motivate Award:</i></p> <ul style="list-style-type: none"> <li>• All team members take part in their presentation, and actively engage with the judges.</li> <li>• Team shows a creative approach to materials that market their team and <i>FIRST</i>.</li> </ul>
--	---

<b>Control Award</b>	
----------------------	--

<b><i>Mastering Robot intelligence.</i></b>	Required criteria for the Control Award:
---	--

<p>The Control Award celebrates a team that uses sensors and software to increase the <i>robot's</i> functionality on the field. This award is given to the <i>team</i> that demonstrates innovative thinking in the control system to solve game challenges such as autonomous operation, improving mechanical systems with intelligent control, or using sensors to achieve better results on the field. The control component should work consistently on the field. The <i>team's</i> engineering notebook must contain details about the implementation of the software, sensors, and mechanical control.</p>	<ul style="list-style-type: none"> <li>• <b>Team shows respect and <i>Gracious Professionalism</i><sup>®</sup> to everyone they meet at a <i>FIRST</i> Tech Challenge event.</b></li> <li>• <b>Team must apply for the Control Award by filling out the Control Award Content Sheet, located in <a href="#">Appendix D</a>.</b></li> <li>• <b>The <i>Team</i> must submit an <a href="#">Engineering Notebook</a>. The engineering notebook must include an engineering section that documents the control components.</b></li> <li>• <b>Control Components must enhance the functionality of the <i>robot</i> on the <i>playing field</i>.</b></li> </ul> <p><i>Strongly suggested criteria for the Control Award:</i></p> <ul style="list-style-type: none"> <li>• Advanced software techniques and algorithms are encouraged.</li> <li>• Control Components should work reliably.</li> </ul>
--	---

**Promote Award**

<p>This judged award is optional and may not be given at all tournaments. Your Judge Advisor will have information about the Judging for this Award.</p> <p>The Promote Award is given to the team that is most successful in creating a compelling video message for the public designed to change our culture and celebrate science, technology, engineering and math. Teams must submit a one-minute long public service announcement (PSA) video based on the PSA subject for the season.</p> <p><i>Teams</i> may win the Promote Award only once at a Championship level event and only once at a qualifying level event.</p> <p>PSA Subject for 2018-2019 Season:</p> <p><b>“If every student participated in <i>FIRST</i>, the world would be...”</b></p>	<p>Required criteria for the Promote Award:</p> <ul style="list-style-type: none"> <li>• <b>Video must meet the following criteria:</b> <ul style="list-style-type: none"> <li>○ <b>Video Must follow <i>FIRST</i> branding and design standards</b></li> <li>○ <b>Video cannot be longer than 60 seconds.</b></li> <li>○ <b>Video must be of a high quality, as submissions may be used later to promote <i>FIRST</i>.</b></li> <li>○ <b><i>Team</i> must have rights to music used in the video.</b></li> <li>○ <b>Music and permissions must be listed in video credits</b></li> <li>○ <b>Video must have strong production value.</b></li> <li>○ <b>Video must be submitted by the deadline given by the Event Organizer</b></li> </ul> </li> <li>• <b><i>Team</i> must present a thoughtful and impactful video which appeals to the public.</b></li> <li>• <b>Creativity in interpreting the yearly theme is required.</b></li> <li>• <b>Follow <a href="#">video award submission guidelines</a>.</b></li> </ul>
--	---

**Compass Award**

<p><b><i>A beacon and leader in the journey of the FIRST Tech Challenge.</i></b></p> <p>This judged award is optional and may not be given at all tournaments. Your Judge Advisor will have information about the Judging for this Award.</p> <p>The Compass Award recognizes an adult coach or Mentor who has given outstanding guidance and support to a team</p>	<p>Required criteria for the Compass Award:</p> <ul style="list-style-type: none"> <li>• <b>Video must meet the following criteria:</b> <ul style="list-style-type: none"> <li>○ <b>Video Must follow <i>FIRST</i> branding and design standards</b></li> <li>○ <b>Video cannot be longer than 60 seconds.</b></li> <li>○ <b>Video must be of a high quality, as</b></li> </ul> </li> </ul>
---	---

<p>throughout the year and demonstrates to the team what it means to be a Gracious Professional. The winner of the Compass Award will be determined from candidates nominated by <i>FIRST</i> Tech Challenge student team members, via a 40-60 second video submission. The video must highlight how their Mentor has helped them become an inspirational team. We want to hear what sets the Mentor apart.</p>	<p><b>submissions may be used at a later time to promote <i>FIRST</i>.</b></p> <ul style="list-style-type: none"> <li>○ <b>Team must have permission from the copyright owners for music used in the video.</b></li> <li>○ <b>Music and permissions must be listed in video credits</b></li> <li>○ <b>Video must be submitted by the deadline given by the Event Organizer.</b></li> <li>● <b>Video highlights the mentor’s contribution to the team and demonstrates what sets the mentor apart.</b></li> <li>● <b>Follow video award submission guidelines <a href="#">below</a>.</b></li> <li>● <b>apart.</b></li> <li>● <b>Follow video award submission guidelines.</b></li> </ul>
---	---

<b>Judges Award</b>
---------------------

<p>This award is optional and may not be given at all tournaments. The Judge Advisor will communicate with the Tournament Director to learn if this Award will be presented, and to decide who the appropriate reviewers for this Award are.</p> <p>During the competition, the judging panel may meet a team whose unique efforts, performance or dynamics merit recognition, yet doesn’t fit into any of the existing award categories. To recognize these unique teams, <i>FIRST</i> offers a customizable Judges Award. The judging panel may select a team to be honored, as well as the name of the Judges’ Award. The Judges Award recognizes a team for their outstanding efforts but does not factor into the Advancement Criteria.</p>	
--	--

<b>Winning Alliance Award</b>
-------------------------------

	<p>This award will be given to the winning Alliance represented in the final match.</p>
--	---

<b>Finalist Alliance Award</b>
--------------------------------

	<p>This award will be given to the finalist Alliance represented in the final match.</p>
--	--
