| **Control System Advisor**   | The control system advisor (CSA) role is to help teams with robot control system related issues. The CSA works in collaboration with the FIRST technical advisor (FTA) and robot inspectors, who may direct teams experiencing issues on the field or in the pits to the CSA for help. This position requires a high-level of technical knowledge and people skills and can affect the quality of the event.  
- Provides in-depth technical support to help teams troubleshoot and resolve robot and control system issues  
- Experienced with Wi-Fi and Wi-Fi direct networking.  
**Prerequisite:** BlueVolt training course. In-depth knowledge of the FIRST Tech Challenge Android based control system and diagnostic tools. High level of technical knowledge and interpersonal skills, FIRST experience.  
**Minimum Age Requirement:** 18+ and post high School or equivalent | **FIRST Technical Advisor**       |
| **Crowd Control Volunteer**  | Facilitate smooth pedestrian traffic flow throughout the facility; monitor audience  
- Keep aisles, hallways, and team traffic pathways clear in the pit and near the playing field  
- Limits team, volunteer, and public access to field  
- Monitor access to designated spaces  
**Prerequisite:** FIRST experience preferred, but not required.  
**Minimum Age Requirement:** *15 years of age or older, 18+ preferred | **Volunteer Coordinator**         |
| **Dean’s List Interviewer**  | Responsible for interviewing the Dean’s List semi-finalist(s) and writes notes for each student. This will be a 6–10-minute interview that will happen either remotely or at an event (interviews will not take place at a regional championship tournament). Those regions will require the interviewer to interview the student remotely. Interviewers spend time reviewing the student’s nomination before the interview takes place.  
**Prerequisite:** FIRST experience, BlueVolt training course.  
**Minimum Age Requirement:** 21 years of age or older | **Judge Advisor**                 |
| **Dean’s List Reviewer**     | Responsible for reviewing Dean’s List nominations and interviewer notes to decide which 2-4 students from a region will move to the next level of Dean’s List finalist.  
**Prerequisite:** FIRST experience, BlueVolt training course.  
**Minimum Age Requirement:** 21 years of age or older | **Program Delivery Partner**      |

| Disc Jockey          | Plays high-energy, appropriate music throughout the competition. Works with the emcee and technical director to coordinate music and the awards ceremony.  
                      - Monitors the energy of the crowd  
                      - Increases or decreases musical selections based on crowd enthusiasm  
                      **Prerequisite:** FIRST experience preferred, but not required.  
                      **Minimum Age Requirement:** *15 years of age or older, 18+ preferred                                                                 |                                                                                                       | Volunteer Coordinator                                                           |
| Emcee                | Primary individual responsible for setting the tone of the competition. Create and sustain an exciting and fun atmosphere throughout the event. Most visible presence at the event; embodies the spirit of FIRST and is the consummate FIRST ambassador. Play a critical role in ensuring smooth flow of match play and keeping the pace of the event.  
                      - Hosts the opening and awards ceremonies  
                      - Provide spectators and teams an overview of game and the basic rules often throughout event  
                      Announce teams taking part in matches  
                      **Prerequisite:** FIRST experience preferred, but not required. BlueVolt training course.  
                      **Minimum Age Requirement:** *15 years of age or older, 18+ preferred                                                                 |                                                                                                       | Field Supervisor                                                                |
| Field Inspector      | The field inspection is in place to ensure that every robot can successfully connect and compete in a match. The field inspector must also go through the field inspection checklist which includes verifying settings on the team's Android device and to remind the teams to stay on time for each match. It is the responsibility of the field inspector to:  
                      - Verify the team's driver station and robot controller have the correct software and operating system.  
                      - Verify the driver station and robot controller’s settings are comply with the rules in the Game Manual Part 1.  
                      - Conduct practice matches to ensure the drivers station connects with the robot controller.  
                      - Help the team to be successful.  
                      - Be fair and apply the same level of thoroughness to every team.  
                      **Prerequisite:** Familiarity with the FIRST Tech Challenge control system; Experience with devices using the Android operating system. BlueVolt training course.  
                      **Minimum Age Requirement:** 18+ and post high School or equivalent                                                                 |                                                                                                       | field Supervisor                                                               |
| Field Supervisor     | Take part in field set-up and maintenance, directs activity on the field to ensure smooth execution of the matches. Plays a critical role in ensuring smooth flow of match play and keeping the pace of the event.  
                      - Field setup in collaboration with the technical advisor and tournament director  
                      - Direct field resetters  
                      - Helps direct queuer volunteers to ensure teams are arriving to the field on time  
                      - Help keep matches running on time  
                      - Collaborate with the emcee and tournament director to watch and adjust game pace, as needed                                                                 |                                                                                                       | Tournament/Event Director                                                      |

| **Field Resetter**               | Reset the playing field after each match. Plays a critical role in ensuring smooth flow of match play and maintaining pace of the event.  
- Reset field after each match  
- Check field for debris after match, remove  
- Check field for damage; report damage to head referee | Previous experience as a Field/FIRST Technical Advisor and/or as a referee is required. BlueVolt training course. | 21 years of age or older |
| **FIRST Technical Advisor (FTA)** | The FIRST Technical Advisor (FTA) and field supervisor work together to keep the areas in and around the robot playing fields running smoothly. The FTA concentrates on the technical issues (robots, scoring software, etc.) and the FM is responsible for operational activities (team queuing, playing field reset, etc.).  
- Pre-match and post-match robot triage.  
- Providing as needed support to teams during match set-up.  
- Explaining technical issues that may have affected match play to referees and students.  
- Providing help for the scoring system.  
All the field supervisor’s responsibilities if the FTA and Field Supervisor positions are combined. | FIRST experience strongly preferred, but not required. BlueVolt training course. | 13 years of age or older |
| **FIRST Technical Advisor Assistant (FTAA)** | The FIRST Technical Advisor Assistant’s role is to provide support to the FTA in the playing area during the competition, to complete tasks as assigned by the FTA, and to act as the FTA if and when the FTA needs to leave the playing area to handle a robot problem, although any major decisions will be made by the FTA.  
Prerequisite: FIRST experience, strong technical know-how and in-depth knowledge of the FIRST Tech Challenge Android based control system and diagnostic tools; TETRIX® and REV Robotics® Design Systems; Familiarity with the FIRST Tech Challenge Live Scoring System; Experience with devices running the Android operating system; Experience with Wi-Fi and Wi-Fi Direct networking. Ability to use deductive reasoning to solve technical problems; and Ability to repair damage to the playing fields. BlueVolt training course. | 21 years of age or older |

| Floater                       | Provide help in various areas.  
- Frequently help with last-minute tasks identified by event staff.  
- Fill volunteer positions for volunteers who were assigned a specific position before the event but could not attend the event.  
**Prerequisite:** FIRST experience strongly preferred, but not required.  
**Minimum Age Requirement:** *Dependent on role assigned*                                                                                      | Volunteer Coordinator                                                                                     | Field Manager                                                  |
| Game Announcer                | The game announcer’s role is working with the emcee to:  
- Introduce teams  
- Provide play-by-play commentary  
- Report the scores  
**Prerequisite:** FIRST experience strongly preferred, but not required. BlueVolt training course.  
**Minimum Age Requirement:** 18+ and post high School or equivalent                                                                                           | Field Manager                                                                                             | Tournament/Event Director                                      |
| Head Referee                  | Refereeing at a FIRST competition is different from a traditional sporting event in that the referees help the competitors to avoid breaking the rules of the game. Referees watch matches, identify rule violations, and “call” them. Head referees play a critical role in ensuring smooth flow of match play and keeping the pace of the event. The referees work under the direction of the head referee and may be needed to take part in deliberations about contested referee calls by teams.  
**Prerequisite:** Previous experience as a referee or head referee. BlueVolt training course.  
**Minimum Age Requirement:** Must be at least 21 years of age and be at least three (3) years removed from a team to serve in this role.                                                                                                             | Tournament/Event Director                                                                                 | Tournament/Event Director                                      |
| Judge                         | The primary role of a judge is to interview teams, and to decide which teams deserve an award based on team interviews, the robot, match play, and the engineering portfolio. Judges are paired in groups of 2-3 to interview a set number of teams before the competition begins as well as interviews in the pit area.  
- Interview and watch teams in the judging rooms, the pit, and on the playing field.  
- Take part on judge panel to decide team award recipients.  
**Prerequisite:** FIRST experience. BlueVolt training course.  
**Minimum Age Requirement:** Must be at least 23 years of age and be at least three (3) years removed from a team to serve in this role.                                                                                                             | Judge Advisor                                                                                             | Tournament/Event Director                                      |
<p>| Judge Advisor (JA)            | The judge advisor coordinates the judging process, which includes facilitating group deliberation sessions, ensuring the award decisions are made, and the awards script is written. Sometimes the judge advisor trains judges and can help in scheduling the judging interviews. The judges, judge assistant, and judge match observers look to the judge advisor for training materials, schedules, and other general questions throughout the event.                                                                                   | Tournament/Event Director                                                                                 | Tournament/Event Director                                      |</p>

</table>
| Judge Advisor (JAA) | - Must be at least 3 years removed from a team to serve in this role  
- Facilitates judge deliberations to help the judges in deciding which teams deserve which awards.  
- Review expectations for the day and the schedule with the judges and assistants.  
- Receive list of teams registered for the event and any that have received the Inspire award.  
- Secure match scores and rankings from the scorekeeper to provide data to judges throughout the event as needed. | Previous experience as a Judge or Judge advisor. BlueVolt training course. | Must be at least 21 years of age and be at least three (3) years removed from a team to serve in this role. |
| Judge Match Observer | Most of the judges will be involved in the judge interviews and will not have much time to see the robots in action. Two or three judges should be asked to serve as judge match observers. Their role is to watch the action on the field and collect data on the quality of the robot performance. | FIRST experience. BlueVolt training course. | 18+ and post high School or equivalent |
| Lead Field Inspector | Field inspectors perform mandatory field inspections to ensure that every robot can successfully connect and compete in a match. Lead field inspectors supervise the field inspectors and act as a resource to the field inspectors performing the inspections. Must be at least 21 years old to serve in this role.  
Serves as a guide and resource to the field inspectors who are responsible for inspecting the robot controller and driver station Android devices. | Previous experience as a Field Inspector. BlueVolt training course. | 21 years of age or older |
| Lead Queuer | Lead queuers manage the flow of teams to and from the competition area. Lead queuers will work with the tournament director and the FIRST tech advisor (FTA) to create unrestricted paths to and from the pit area to the competition area. Creating and managing a safe, orderly flow of | | |
robots/teams to and from the competition will help to keep all the matches running on time. Lead queuers will also properly stage alliances in holding areas, while ensuring the proper numbers of teams are in the queue. The lead queuer is an important part of the event management team, working directly with the tournament director, **FIRST** tech advisor, and the queuing staff.

**Prerequisite:** Previous experience as a queuer. BlueVolt training course.

**Minimum Age Requirement:** 21 years of age or older

| **Lead Robot Inspector** | Robot inspectors perform mandatory robot inspections to ensure compliance with robot construction rules. Lead robot inspectors supervise the robot inspectors and act as a resource to the robot inspectors performing the inspections.
- Robot inspectors decide inspection result (pass/fail).
- Serves as a guide and resource to robot inspectors who inspect the robot size, hardware, and electronics to discover if the robot is legal and ready for competition.

**Prerequisite:** Previous experience as a Robot Inspector. BlueVolt training course.

**Minimum Age Requirement:** 21 years of age or older |

| **Lead Scorekeeper** | The lead scorekeeper is the person responsible for making sure the scoring system is handled and set up correctly and that match scores are entered accurately. The scorekeeper helps the flow of the event and provides information and match scores to the teams and to the audience.

**Prerequisite:** Previous experience as a Scorekeeper. BlueVolt training course.

**Minimum Age Requirement:** 21 years of age or older |

| **Load-In/Load-Out Crew** | These volunteers are responsible for either:
- Setting up the event before the competition
- Tearing down the event after the competition.

**Prerequisite:** **FIRST** experience preferred, but not required.

**Minimum Age Requirement:** *13 years of age or older |

| **Pit Administrator** | The pit administrator (or pit manager) is responsible for setting up the pit area,
- Trains the pit area volunteers.
- Manages all activities in the pit area including coordination of pit administration table and team interface.
- Responsible for making sure event attendees have the information they need about the event, provides high level of customer service.
- Collaborates with emergency medical technicians.
- Could be responsible for team and volunteer registration

**Prerequisite:** Previous **FIRST** and event experience. BlueVolt training course. |

| Volunteer Coordinator                     | Works with the program delivery partner and tournament director during the event. Primary contact for all volunteers. Works closely with program delivery partner of FIRST Tech Challenge planning committee. Manages and inspires volunteers.  
**Prerequisite:** Previous experience managing and communicating with multiple volunteers. FIRST experience. BlueVolt training course.  
**Minimum Age Requirement:** 21 years of age or older.                                                                                   |                                                                              |                         |
| Volunteer Registration Assistant (Optional)| Responsible for checking volunteers in at the start of the event, ensuring they sign consent and release forms, conflict of interest and disclosure statements, and providing the volunteers with their event day registration materials. This can also be done as part of the pit administrator's responsibilities.  
**Prerequisite:** FIRST experience preferred, but not required.  
**Minimum Age Requirement:** 21 years of age or older.                                                                                    |                                                                              |                         |
| Wi-Fi Technical Advisor (WTA)             | The wi-fi technical advisor is the technical volunteer who helps ensure the wireless environment at an event is clean and not too noisy. The wi-fi technical advisor (WTA) is also responsible for monitoring the wireless spectrum and troubleshooting wireless issues at large and critical FIRST Tech Challenge events. Not every FIRST Tech Challenge event will require a WTA. Most smaller events (less than 40 robots) do not need the skills of a WTA. Monitors the wireless environment and looks for clues for potential malicious activity during an event.  
**Prerequisite:** FIRST experience. High level of technical knowledge and interpersonal skills. BlueVolt training course.  
**Minimum Age Requirement:** 21 years of age or older.                                                                                   |                                                                              |                         |

*Volunteer Minimum Age Requirement*

The minimum age requirement for a FIRST volunteer is 13 years old. A minor must have a parent or guardian give written permission to volunteer. In addition, the FIRST Consent and Release Forms will need to be signed by a parent or guardian in the Volunteer Registration system for any volunteer under age 18.
