<td>Good morning [Insert name of Locale]! Welcome to the [Insert name of Event] I’m the [insert FIRST® Tech Challenge title here] and my name is ______________.</td>
<td>Affiliate Partner or Event Director comes to stage.</td>
</tr>
<tr>
<td>Affiliate Partner or Event Director</td>
<td>As many of you know, FIRST is a non-profit and a global movement transforming lives and inspiring future innovators, and problem solvers. FIRST engages young people, kindergarten through 12th grade in our four STEM programs including FIRST LEGO League Jr., FIRST LEGO League, FIRST Robotics Competition, and of course, FIRST Tech Challenge. FIRST Tech Challenge started in 2005 and in just over a decade, we’ve grown to over 5,000 teams in more than 25 countries. This continues the transformative impact of FIRST programs, and you are a part of this movement! All of you are helping make this program possible for the next generation of innovators IN THIS ROOM. We'd like to take a quick moment to plug our Jump Start program and ask YOU for help. Our students, coaches, and teams are our best testimonials for how awesome FIRST Tech Challenge really is. Please take a moment to grab our Jump Start Materials from [insert event director/volunteers name] before you leave today and share them with any friends that are thinking about starting a FIRST Tech Challenge team. You can also send them to our website, <a href="http://www.firstinspires.org/jumpstart">www.firstinspires.org/jumpstart</a> to learn more or sign up! I’m excited to have every one of you here today because we’re going to have a blast! You’ve been working hard to design and build your robot and I can’t wait to see how everything comes together in this year’s challenge, Rover Ruckus presented by QUALCOMM. As you know from tackling the challenge this year, STEM skills have never been so important to solving the issues facing the world today and FIRST Tech Challenge is forming the leaders and innovators of tomorrow by getting kids involved in these disciplines early. But remember, FIRST doesn’t end with high school! FIRST partners with nearly 200 colleges and universities who want FIRST participants and Alumni– and have made nearly $80 million dollars in scholarships available. FIRST partners with industry to ensure that</td>

internship, and ultimately job opportunities, are available for you and to make sure you have access to the most valuable resource of all – each other!

Learn more about scholarships, internships and alumni opportunities at firstinspires.org/alumni.
I want to take a moment to recognize and thank all the parents, coaches, mentors and volunteers who help make today’s events possible.

Thank you!

I want all of you to keep in mind Gracious Professionalism®. This means you’re going to do your best work, and at the same time, we’re going to respect and value the other students, teams and volunteers here.

Today is where the rubber meets the road for all the hard work you’ve put into designing, building and programming your Robots. Good luck.

And now, I’d like to introduce today’s Master of Ceremonies – [Insert name]

Emcee Good morning and welcome! Let me hear you make some noise! I said let me hear you make some noise! That’s better. This is going to be a great day of Competition. Before we get to the first Match, we have a few distinguished guests I’d like to introduce. Please give a warm FIRST Tech Challenge welcome to [insert Guest Speaker title and name].

Emcee comes forward.

Guest Speaker [Guest Speaker comments]

Guest Speaker comes forward.

Emcee Next, it’s my pleasure to introduce [insert Guest Speaker title and name].

Guest Speaker comes forward as previous speaker returns to seat.

Guest Speaker [Guest Speaker comments]

Emcee Each year, FIRST Tech Challenge creates new and exciting game for teams to learn and compete in. This year, teams are joining our out-of-this-world expedition into the 30th season of FIRST and have
readied their robots to explore uncharted territories in ROVER RUCKUS, presented by QUALCOMM. Let’s take a look!

Play Kick-off video and Game Animation

Emcee | Now I’d like to introduce you to a very important group of people, our Judges.

Enter Judges

Emcee | These individuals have the difficult job of singling out the best of the best from today’s teams. They’ve already been busy this morning, interviewing teams and reviewing engineering notebooks. They’ll be in the pits, watching matches and then deliberating later today. We look forward to seeing the outcome of their hard work at the Awards Ceremony this afternoon. Let’s give them a big round of applause for their dedication!

Applause Exit Judges

Emcee | Next, I’d like to introduce you to the Field Technical Advisors, or FTAs.

Enter FTAs

Emcee | Our FTAs know the ins-and-outs of the Android technology and robot control system we use to run this competition and are key to keeping the event moving smoothly. They ensure the robots are running properly on the field. Thank you FTAs!

Applause Exit FTAs

Emcee | And finally, I’d like to introduce our Referees.

Enter Referees

Emcee | Our Refs have the difficult job of ensuring everyone is playing by the rules. As in all sports, their rulings are final and there will be no re-runs or video re-plays. Please help us stick to the schedule by respecting their decisions and following the appropriate challenge process. Thanks Referees!

Applause Exit Referees

Emcee | Last, but certainly not least, we’d like to thank our mentors and coaches who are critical to your learning experience and your team’s success. Many of you are also mentoring teams from one of our other FIRST Progression of Programs: FIRST LEGO League Jr., FIRST LEGO League, and the FIRST Robotics Competition and may even be FIRST Alumni yourselves. On behalf of all FIRST, a big thank you to all the mentors and coaches. You really are making a difference!

Applause
| Emcee | A few minutes ago [Insert Affiliate Partner or Tournament Director] spoke about Gracious Professionalism. And who better to help further explain this core value of FIRST than the Original Gracious Professional himself, FIRST Distinguished Advisor Dr. Woodie Flowers.  

*(Please adjust the following schedule wording to apply to your event)* |

| Emcee | Thanks, Woodie. Now here’s the general schedule for the day: In just a few moments we’ll begin our Qualification Matches. Following the qualifications, we’ll move on to the alliance selection, where the top ranked teams will choose their alliance partners for this afternoon’s Elimination Matches.  

And finally, after we have crowned a champion on the playing field, we’ll begin our Awards Ceremony to close out this exciting day. |

| Emcee | Before we begin the matches, please rise for the playing/singing of our National Anthem. |

| Emcee | Teams, are you ready for FIRST ROVER RUCKUS? Let’s get the out-of-this world adventure started! Teams in the first match, please take the field as we get ready to start the day with match number one of the 2018-2019 FIRST Tech Challenge season here in [insert name of locale].  

Good luck to all the days competitors! |

| Emcee | [if using a Game Announcer, introduce him/her before beginning first introduction]  

Ladies and gentlemen the other voice you’ll be hearing today is our Game Announcer, please welcome [Insert Name]. |

| Emcee | Okay, let’s meet the Teams…  

*Emcee and Game Announcer begin Team introduction and start of Match play protocol* |
