

**FIRST® LEGO® League Jr.** builds the desire to learn, explore, strategize, and share ideas and talents through hands-on, playful, non-competitive building challenges. Teams of young children ages 6-10 explore scientific concepts through a real-world theme and work together to build a model and code it to make it move.

## 1 CONTACT US

- ▶ 800-871-8326
- ▶ [firstlegoleaguejr@firstinspires.org](mailto:firstlegoleaguejr@firstinspires.org)

## 2 BUILD YOUR TEAM

- ▶ Up to 6 team members
- ▶ At least 2 adult coaches\*
- ▶ Meeting space

\*Team coaches must complete Youth Protection Screening

## 3 REGISTER

- ▶ Visit [firstinspires.org/register](http://firstinspires.org/register) to create your **FIRST®** account, set up your new team profile, and purchase your season registration and necessary materials.

## 4 GET STARTED

- ▶ Build and program a model that moves with LEGO® Education WeDo 2.0.
- ▶ Document your work in an Engineering Notebook.
- ▶ Create a *Show Me* poster to share what you've learned.

## 5 ATTEND AN EVENT

- ▶ Showcase your team model and *Show Me* poster at an official **FIRST** event.

## MAY

Registration for the season opens

## AUGUST

Season Challenge Release

## OCTOBER-JUNE

Local and regional events

## APRIL

FIRST Championship

**FIRST is a robotics community that prepares young people for the future.**

For over 30 years, *FIRST* has combined the rigor of STEM learning with the fun and excitement of traditional sports and the inspiration that comes from community. *FIRST* programs have a proven impact on learning, interest, and skill-building inside and outside of the classroom, creating the people who will change the world – today and tomorrow.
