Typical Volunteer Paths

For FIRST® Robotics Competition Volunteers

Note: These roles can be filled by volunteers with technical and non-technical skills. See the role descriptions for specifics on that role.

These are suggested paths and your path may vary - Consult with your local Volunteer Coordinator.

In addition to the paths, key volunteers must also exhibit good communication, organization, and conflict resolution skills.

Please note: this is a partial list of roles, and more will be added at a later time.
