

Western

Western University/*FIRST* Engineering Scholarship (Faculty of Engineering)

The Western University/*FIRST* Engineering Scholarship is awarded annually to a full-time undergraduate student entering the Faculty of Engineering who has participated in the *FIRST* Robotics Competition Team (FRC) in high school.

This application as well as a one-page statement must be submitted to the Faculty of Engineering by April 30 outlining the student's participation and role on a *FIRST* Robotics Competition team, including how the experience was formative in inspiring him or her to pursue an engineering education. Representatives involved with the Robotics Engineering competition in the Faculty of Engineering will select the recipient. This award is supported through the Faculty of Engineering.

Value: 1 at \$3,000

Name: _____

Address: _____

City: _____ **Prov:** _____

Postal Code: _____ **Phone:** _____

Email: _____

Please submit this with your one-page statement to:

Office of the Dean, Western Engineering
Room 2003 SEB
Western University
London, ON N6A 5B9

Western Engineering

The Faculty of Engineering at Western University is dedicated to providing you with opportunities to individualize your engineering education. We offer unique learning opportunities to help you succeed in the career path of your choice. You can build your future at Western with co-curricular and experiential learning opportunities, including:

- [Dual Degrees](#)
- [Certificates](#)
- [International Experiences](#)
- [Internships and Co-ops](#)
- [Externships](#)
- [Leadership Opportunities](#)

When you start your academic journey with us you will join a cohort of approximately 600 first-year students. Our average classes consist of 100 students, which means you will be surrounded by other like-minded classmates, in a small class environment.

Professors will know your name and academic counselors are available to help you navigate and succeed throughout your university experience. We also offer Peer-to-Peer Academic Support through our Super Tutor Program, WE Connect Mentorship Program and the Women in Engineering Big Sister/Little Sister program.

Our current students are very actively engaged in the Western community. Every year, more than 400 students participate in various student clubs, groups and teams including [WE FIRST](#), [WE Bots](#), [Women In Engineering](#), and more.
